

# PATCH TEST DECLARATION REPORT

Date: 23-01-2025

## Patch Test Declaration

This is to certify that the product **[Product Name]** underwent a patch test on **[Patch Test Date]**.

The patch test was conducted on a sample group of **10 individuals**. The product was applied in accordance with standard cosmetic patch testing procedures, and the test subjects were observed for a period of **48 hours**.

Based on the observations made during the evaluation period, **no adverse skin reactions, irritation, redness, itching, swelling, or other side effects were reported** among the participants.

It is further declared that the product was found to be well tolerated under the test conditions. While every effort has been made to ensure product safety, individual allergic reactions due to sensitivity to specific ingredients may occur in rare cases and can vary from person to person.

This declaration is issued based on the observations recorded during the patch test conducted on the stated sample group.
